**Hospital Canselor Tuanku Muhriz  
UKM  
Kuala Lumpur**

**Limited 50  
seats**

**NSR & CME CPD points  
will be awarded**

Organized by:

Malaysia Society Interventional Pain  
Practitioners (MSIPP)

AND

Division of Neurosurgery &  
Department of Anesthesiology and Intensive  
Care Unit

## ORGANIZING CHAIRMAN

### Dr Toh Charng Jeng

President  
Malaysia Society for International Pain Practitioners (MSIPP)

I would like to express my warm welcome to all the participants in our MSIPP ultrasound intervention pain workshop 2019. I would like to thank the world-renowned interventional pain specialists from around the world and locally, who are willing to spare their precious time in sharing their knowledge. I strongly believe all the participants will gain the utmost benefit from this workshop.

Ultrasound guided pain intervention management has gained its greatest momentum recently because of its advantages over fluoroscopy especially in the peripheral nervous system and joints. Ultrasound guided intervention pain procedure is very safe and can accurately target the suspected pain generators in real time. Furthermore, it enables the procedures to be performed in outpatient clinic basis.

I would like to thank all the industrial sponsors for providing encouraging support to this workshop. My deepest gratitude to all the committee members who have contributed in making this workshop a success.

## INTERNATIONAL FACULTY

### Dr Chin-Peng Lin

National Taiwan University Hospital, TAIWAN.

### Dr TCT Novy

Bandung Pain & Rehab Center,  
Indonesia Pain Academy,  
Bandung Adventist Hospital  
INDONESIA.

## LOCAL FACULTY

### Dr Anwar Samhari

Bone, Joint & Pain Specialist Centre, Penang.

### Dr Choong Leong Tong

Rafflesia Medical Centre, Kota Kinabalu Sabah

### Dr Gopinathan Raju

Pantai Hospital Kuala Lumpur

### Dr Ozlan Kamil

Gleneagles Hospital, Kuala Lumpur

### Dr Mohd Shahir Anuar

Hospital Canselor Tuanku Muhriz UKM,  
Kuala Lumpur.
